Board Plans To Buy Parcel

The board of supervisors has authorized the county clerk to advertise a notice of intention to buy one parcel of the 3140-acre Butano forest, and to set public hearing for May 16. At the same time, the board approved a tentative form of contract between the county and Stanford University as agents for the owners of the land, giving the county a year's option on the entire tract renewable annually upon purchase of one of the 15 $20,000 parcels.

Asst. Dist. Atty. Daniel E. Sullivan said the contract bound the board only for one year.

Other transactions of the board:

Heard a protest from Colma residents against greyhound kennels. Delayed action pending outcome of present legislation on dog racing.

Heard a report on Willow Rd. Water District which disclosed sufficient balances and reserves to cancel all taxes this year.

Referred to the district attorney the request of Hal Honore,' Redwood City theater manager, that the license fees on carnivals be increased. Proposal of Supervisor H. H. Smith that carnivals be banned from the county was lost.

Approved pending state legislation which would simplify weed abatement district procedure, and perpetuate districts from year to year.

Urged California representatives in Congress to vote for legislation which would perpetuate PWA on the grounds that $2,000,000 in county projects have been approved and await finances, and that failure of these projects would increase unemployment.

Adjourned until tomorrow in order to consider any emergency PWA matters in connection with the courthouse annex, now nearing completion.

Happy Days Enjoyed By Scouts, 'Y' Boys

Still talking about what a good time they had, Redwood City youngsters who are fortunate enough to belong either to Boy Scout troops or Young Men's Christian Association Clubs were cherishing memories of a happy weekend today.

Six troops of Boy Scouts roughed it in "Butcher Field" near the Southern Pacific Station in Redwood City over Saturday night, breaking up camp at noon after luncheon. Some 200 members of "Y" clubs in the Redwood City area joined hundreds of members of similar clubs from the Bay Area for a day at the Fair Saturday. The boys returned to their homes about 6 p.m. Saturday.

Scout troops which participated in the camp are to be given plaques as souvenirs of the event, the street signs set up at the camp which were to have been awarded having disappeared during the night. Troop 160 received the award for winning the Paul Revere game. A feature of the camp was the Saturday night bonfire around which impromptu skits and stunts were presented. On Sunday Catholic boys attended Mt. Carmel Church and protestants were addressed by the Rev. Schuyler Pratt.

Italian colonies in East Africa, including Ethiopia, total 659,260 square miles and have a population of 6,600,000.

'Tailspin' Due At Local Theater

Smashing, romantic melodrama of adventure telling the story of three women who fly, the thrills that come with their split-second escapes and the heart-throbs behind their spectacular lives, "Tail-

ALICE FAYE

spin" comes to The Redwood Theater next Sunday for two days.

With Alice Faye, Constance Bennett and Nancy Kelly in the starring roles, the film deals with three women of the sky and their reasons for taking the gamble they can lose only once. Miss Faye is seen as Trixie, the girl who flies because she needs the money. Constance Bennett plays Gerry, who thinks the sky's the place to hide from love, and Nancy has been cast as Lois, who flies because it brings her closer to her husband, to whom flying means so much.

Also on the same program, "Dark Rapture" reveals the mysterious Titan-race. The most mysterious race in the world has made its film debut after centuries of life unknown to the civilized world.

The race is a nation of giants. There is no other word that will adequately describe them. The average height of the tribe is seven feet. The women are as tall as the men. Though surrounded by Negro tribes whom they have subjected to their domination, they are not Negroes. No one, not even themselves, can tell how they reached their present homeland in the weirdly beautiful African mountains, where flowers are taller than men.

3 Persons Injured In Crash at Airport

Three persons were injured, one critically, in a two-car collision on Bayshore Hwy. near Mills Field Wednesday, hospital attendants reported.

Injured were:

Walter Carter, 35, San Francisco, a salesman, driver of one car, multiple face abrasions, torn right ear, fractured jaw and fractured skull.

J. Ernst Norris, 31, San Francisco, a preacher, the other driver, treated for abrasions about the face and hands, contusion of the hips and general body bruises.

Mrs. Arlene Darling, 28, Burlingame, riding with Carter, treated for face cuts.

According to the State Highway Patrol report, the Norris car was northbound and struck the Carter machine as it left the airport, turning it over.

Miss Ruth Miller, who lives with Mrs. Darling, told the officers Carter was thrown from the machine, and was run over by an unidentified third car which failed to stop.

Three hundred and five bills affecting motorists were introduced in the current session of the California legislature.

TRAVEL INFORMATION OFFICE

Preparing for a record 1939 travel season by helping to make every motoring trip a better motoring trip, Standard Oil Company of California has established its expanded Travel Information Service in attractive new quarters (above) on the ground floor of the company's home office in San Francisco.

Motorists planning vacations in the West or anywhere in the United States and Canada will welcome the helpful services of Standard's expanded facilities. Its travel experts will route individual trips in any direction and from coast to coast free of charge. In addition, they furnish descriptive folders that highlight scenic and historic attractions along the way.

Anyone may take advantage of this offer by asking for the Travel Information Inquiry Post Card at any Standard Station, Authorized Distributor or Standard Oil Dealer. This self-addressed postage paid card is simply filled in and mailed to Standard Travel Information Service.

R. C. Boy Hurt When Thrown Under Horse

Possible internal injuries were suffered Wednesday by a 14-year-old Redwood City boy who was thrown under a falling horse while riding in the hills behind Redwood City.

The boy, George Kreiss, son of Mr. and Mrs. Vernon Kreiss, 226 Alden St., Redwood City, is in Community Hospital, San Mateo, for observation for internal injury. He was suffering from hysteria and shock when admitted to the hospital last night.

The Cathedral of Cologne, the capital of the Rhineland, took five hundred years to complete. The finishing towers were built in 1880.

S. S. F.'s Founder Is Taken by Death

SOUTH SAN FRANCISCO, Apr. 26—William J. Martin, 83, known as the "founder of South San Francisco," died quietly at his home, 801 Grand Ave., today after a brief illness.

Mr. Martin came to the Peninsula nearly 50 years ago as a real estate developer and his activity on the Peninsula led to the development of the South San Francisco area as a great industrial area.

Swift & Co. was the first industry, and now there are more than 100 large industries in this section.

Americans have won three out of the last seven Nobel prizes for literature.

Woman Killed, 2 Score Hurt In Car Crashes

San Franciscan Dies Of Iniuries Suffered On Skyline Blvd.

Weekend automobile traffic on San Mateo County highways took a toll of one life and nearly two score injured persons, according to reports gathered here from city police departments and the State Highway Patrol.

Dead was Mrs. A. F. Bremberg, 70, San Francisco, victim of a two-car crash at the Alemany-Skyline Blvd. intersection Sunday afternoon. She died at Junipero Serra Hospital early Monday.

Seriously hurt in the same accident was Henry Osche, 20, also of San Francisco. He was riding with Eugene (Tex) McDonald, 24, Oakland. McDonald suffered face and body cuts; his uncle, Ross McDonald, 45, also of Oakland, a fractured shoulder; and Miss Mary Castagnole, 26, San Francisco, the car's fourth passenger, a fractured shoulder and lacerations.

Osche, unconscious and suffering from a skull fracture, was reported to be in a critical condition.

Mrs. Bremberg was riding with her husband, who suffered cuts and bruises.

According to the highway patrol report, the Bremberg car hit McDonald's machine broadside at the intersection. Bremberg claimed McDonald failed to stop at the arterial.

Mrs. Bremberg was the year's 21st traffic victim in San Mateo County. At this time last year the traffic fatalities totalled 15.

Ward Week Sale Ends Tomorrow

Jos. A. DeGeller, manager of the Montgomery Ward store, announced that tomorrow would mark the close of the semi-annual Ward Week sale. He said that the large number of shoppers who attended the sale during the past nine days had made it one of the most successful in the store's history.

He attributed much of the success of the sale to a combination of the low prices brought about by months of planning and mass buying, and the effectiveness of the newspaper as an advertising medium.

DeGeller stated that many of the prices, which will still be in effect tomorrow, are what is known as "once-in-a-lifetime" prices and that shopper response had been correspondingly large. He further added that although there were still stocks on most of the special sale items, he did not expect many of them to last throughout the entire shopping day tomorrow.

Felix Garces' Plea To Be Heard Monday

Plea of Felix Garces, San Francisco cafe owner, for a reduction in the temporary alimony payments fixed by Judge A. R. Cotton, will be heard Monday, it was announced today. Garces was jailed for an hour Friday after he failed to pay the $432.50 he was in arrears. Garces raised the money and was released. His wife, Marie, who lives in Millbrae, claims his income is $750 monthly. He admits only $150.

The divorce trial was interrupted when Judge Cotton ordered Garces jailed.

Milk production per cow in the United States on Mar. 1, 1939, was well above that of a year earlier and nearly five per cent above the 10-year average.

George Botsch, Native of R. C., Kills Himself

Retired Power Firm Employe Feared Blindness

George Botsch, born in Redwood City in 1867, chose death rather than ill health and blindness and committed suicide in his little Fourth Ave. home sometime Saturday afternoon, according to the sheriff's office. The body was discovered by a friend at 2 p.m. Sunday.

Mr. Botsch, according to Dep. Sheriff Gene Cerqui, had made careful preparations for his death, leaving three notes disposing of his belongings, said to include a valuable collection of 800 coins.

Engineer at the Beeger tannery 40 years ago, saloon-keeper at Five Points from 1910 to 1919, and then until 1937 an employe of Pacific Gas & Electric Co., Mr. Botsch was a well-known figure in Redwood City. Friends recalled that he invariably rode a bicycle.

North City Entrance Is Now 'Golden Gate'

Providing a real "golden gate" entrance to Redwood City on the north, California poppies planted along both sides of the new wide stretch of El Camino Real are in full bloom now and attracting considerable attention. The flowers are planted in the parkway between the trees, which, like the roses planted along the fence but too small yet to bloom, were put out by the city. The poppy seeds were purchased by the Redwood City Junior Chamber of Commerce.

Bothersome Mud Flat To Be Cleared Away

With the city's share of the dredging at the yacht harbor and port virtually completed, the dredger used in the operations is now lying idle at Port Redwood City awaiting the awarding of the contract by the federal government for the job of clearing away the bothersome mud flat at the North end of the yacht harbor, City Manager Charles L. Dimmitt said today.

The contract for the remainder of the dredging is to be let May 3, and work is expected to start not later than May 8. The city will bear expense for about two more days of dredging, to clear a connecting channel between that part of the harbor already dredged and the government channel to be cleared next month, Dimmitt said.

The flat to be removed by the government is located about 200 feet North of the Dehoff Boat Works and extends toward Port Redwood City about 800 feet. It has been a constant bother to yachtsmen since creation of the harbor some years ago.

"Hawkesbury" is the name of a newly-developed, wilt-resistant watermelon of good size and quality.

"Don't Pay Me One Penny Until You Have Worn My Plates for 30 Days"

No Money Down

Dr. Campbell prefers that you see and wear your plates before you pay for them by using his no money down easy payment plan. Dr. Campbell has made hundreds of plates without one penny down, and finds that patients are delighted with this policy as most people like to see and wear their plates before paying. There is no extra charge for credit, same price as cash.

(This offer applies to plate work)

These are our finest Plates. We have none better, no matter how much you pay us. NOW! Same low prices as our inexpensive rubber plates.

Rapid Turnover In Realty Shown

A rapid turnover in real estate on the Peninsula is shown in deeds recently filed with County Recorder T. Clark Rice.

Deeds for three real estate transactions at Baywood, San Mateo, totaling $106,000, were filed at the request of California Pacific Title & Trust Co.

Largest was sale of the apartment house at Eaton Rd. and Third Ave. by San Jose Pacific Building and Loan Association to Mr. and Mrs. Sidney W. Barr. Price indicated by the deed was $82,500.

Michael J. and Elva F. Ryan, owners of Casa Baywood, purchased from Baywood Properties Inc. two more lots in the apartment house district for $12,500.

Harry J. Hoehn, superintendent of Enterprise Foundry Co. in South San Francisco, purchased an $11,000 home from Robert H. Smith, builder, according to another deed.

A 2.851-acre parcel on Tuscaloosa Ave brought $27,000. The property was sold by Rosalie W. Wolf to Mary R. Schmidt.

In Baywood Knoles, Colbert Caldwell sold to Mr. and Mrs. Dale Nix a home valued at $12,500. An $11,500 home in Millbrae Highlands was purchased by Marten E. Martensen from Niels Schultz.

County Tax Payments Normal Despite Size

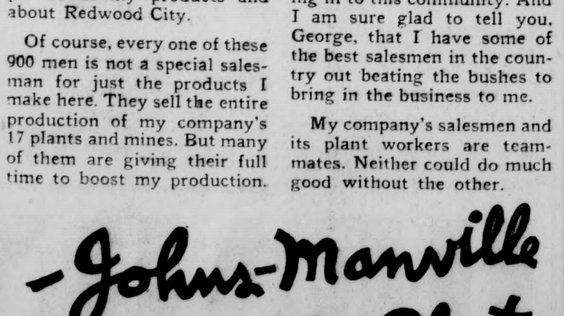
Although San Mateo County's 1938-39 tax charge soared to an unprecedented $3,185,233.58, the tax collection has been normal, according to Tax Collector Ambrose McSweeney. He reported that he collected $1,873,219.17 on the first installment, $1,108,049.53 on the second installment, leaving a delinquency of $205,965.88. He estimated the ultimate delinquency at between 5 and 6 per cent.

SALESMEN BRING IN THE WORK

Dear Johns-Manville Redwood City Plant

Why are salesmen, anyway? It seems to me there are an awful lot of them in this world. How many does your company have? Why don't you let your products sell themselves these days and cut out this sales expense? Why are salesmen, anyway?

GEORGE CITIZEN



900 J-M SALESMEN ARE SELLING FOR REDWOOD CITY

Dear George

My company has found that it takes the hard efforts of one salesman to bring in enough sales every day to keep 7 plant workers busy.

This is not a guess on our part. It is just a cold, hard fact developed in our efforts to get business in competition with every other company offering good products which attract the customers' money.

So, as a result, my company has 900 salesmen in all parts of the United States and many parts of the world, telling people about my products and about Redwood City.

Of course, every one of these 900 men is not a special salesman for just the products I make here. They sell the entire production of my company's 17 plants and mines. But many of them are giving their full time to boost my production.

And all of them are working for my welfare and the good of my workers and the people of this community by selling my company as a dependable concern, all of the products of which can be relied upon to give valuable service.

These salesmen are my "ambassadors-at-large" to my boss, the customer. It is up to them to keep the customer on my side or he will stop buying from me and then I might as well shut up shop.

Selling is hard work, sometimes calling for 12, 14 or 18 hours a day. There are a great many manufacturers making and selling the same type of products that I make so you can easily see that the customers could start passing me oy if my salesmen would let them. Salesmen have to fight this competition to keep work coming in to this community. And I am sure glad to tell you, George, that I have some of the best salesmen in the country out beating the bushes to bring in the business to me.

My company's salesmen and its plant workers are teammates. Neither could do much good without the other.

-Johns-Manville Redwood City Plant

THIS CURIOUS WORLD By William Ferguson

IN THE UNITED STATES, ABOUT 28 PERSONS DIE IN FIRES EVERY DAY.
SEVEN MEN, THE U.S. BOARD OF TEA EXPERTS, BY TASTING HUNDREDS OF SAMPLES, DICTATE THE QUALITY OF THE TWENTY BILLION CUPS OF TEA DRUNK ANNUALLY IN THE U.S.
KNIZ KORNER
COPR. 1939 BY NEA SERVICE, INC.
WHICH IS COLDER, ON A YEARLY AVERAGE, THE NORTHERN OR THE SOUTHERN HEMISPHERE?

ANSWER: The southern is slightly cooler. Compiled figures show the annual mean temperature of the southern hemisphere to be 55.94 degrees, Fahrenheit, and that of the northern hemisphere as 59.36 degrees, Fahrenheit.

Consolidation Now Foreseen

Into the limbo of discarded things went the newly-formed Millbrae Police District today.

In a special election Tuesday, the people of the district voted 502 to 140 to dissolve the district before it ever hired a policeman, blew a whistle or made an arrest.

The district was formed only after the petitioners hired an attorney, paid for costs of a special assessment district act investigation, and weathered a series of protest hearings before the board of supervisors.

Defeat of the special police district plan, it was stated, would revive efforts to consolidate Millbrae and Burlingame.

PRELIMINARY HEARING SET

Preliminary hearing of D. W. Williams and Joseph M. Jayne, former officials of Hampton Lumber Co., San Carlos, on fictitious check charges has been set for Friday at 3 p.m. before Justice of the Peace Hugh Mullin, San Mateo. The men are being held in the county jail.

Four Are Rescued From Bay Waters

A tragedy similar to several which saw nearly a dozen people lose their lives in southern San Francisco Bay last year was narrowly averted Sunday because a Chinese shrimp dealer at Hunter's Point, just north of San Mateo County's northern line, happened to see four people struggling in the bay.

The quartet were George Vanderbeck, Oakland market owner; his two sons, Henry and Joe, and his sister-in-law, Marie P. Vos. They had been plunged into the bay when their 21-foot sailboat was capsized by a strong wind a mile off Hunter's Point.

George P. Chan, operator of a shrimp restaurant, had paused by chance to look at the view from his dining room window as the boat overturned. He dispatched his shrimp launch, the Wireless, which rescued the four, who, when dried out, appeared none the worse for their experience.

Painter Is Killed In Highway Mishap

PALO ALTO, Apr. 27—James S. Odor, 39, Oakland sign and street address painter, was killed last night when struck by the truck of Grant Stephens, Palo Alto, on El Camino Real near the north city limits. Odor was walking across the highway carrying a heavy can of paint when struck by the truck. His body was run over by three other cars before traffic could be stopped. Stephens was not held.

WOULD REALIGN PRECINCTS

SAN MATEO, Apr. 26—Because the Southern Pacific tracks create an annoying barrier for voters, County Clerk W. H. Augustus today had been asked to realign general election precincts within the City of San Mateo so voters will not have to cross the tracks to reach polling places.

Another Class To Start Soon

Jobs at sea have been secured for five more graduates of the unique Junior Mariner Class conducted at Redwood City Yacht Harbor, Capt L. F. Bosshardt, its founder and conductor, disclosed here. Captain Bosshardt is home for a short time after being at sea on Standard Oil Co. ships.

Three of his students secured positions last week through the Norwegian consul general on Norwegian ships operating under American charters. Joe Elkins, first mate for the junior mariners, and Warren Upton, navigator, both will act as quartermasters on the Brodin, freighter of the Brodin Shipping Co., which will leave for Vancouver tonight, then return to go through the Panama Canal to Rio de Janeiro, Captain Bosshardt said. Sol Koppel left during the week for Yokohama on the motor tanker Svanjok, newest ship of its type in the world.

Expecting to ship out Wednesday, also with the Bodin firm, were Dewolf Ross and Jim Rogers.

Captain Bosshardt explained that the Norwegian consul's office had contacted him, having heard about his work in training boys for careers on the sea.

Nearly two dozen youngsters have now secured jobs after graduating from the local class, most of them on the sea. Some have been placed in service stations or other businesses pending the opening of seamen's positions.

Captain Bosshardt expects to start a new class about June 1, by which time he hopes to have a larger training ship than the Meta K, which he has used for the past year and a half. Because of his work with youngsters, Captain Bosshardt was adjudged winner in January of the American Legion-Tribune Community Service Award.

Ice forms on the bottom, as well as on the surface, of many rivers and lakes.

The number of hogs in the United States increased by nearly 5,000,000 head in 1938.

Simple Way to Judge

FURNITURE VALUES

Whether you are now or later shopping for new furniture, these three suggestions will be helpful. First, consult experienced buyers; second, make a note of suggestions when comparing qualities; third, now match qualities against prices. We'll gladly help you. MENLO PARK NEWS NOTES

JAMES RAPLEY IMPROVING

MENLO PARK, Apr. 28.—James Rapley, who suffered a stroke some time ago, is slowly recovering at a sanitarium in the Coleman Tract. Rapley is a pioneer of the county, as was his father, the late Jesse Rapley, who accompanied the Fremont Expedition from Monterey to San Francisco in 1848. On their way north the soldiers camped on land which afterwards became known as the Selby Tract. Rapley was so well pleased with the location that he afterwards came to reside there, going later to La Honda, where he purchased the well-known Rapley ranch.

After the 11 o'clock mass on Sunday the Men's Club of Menlo Park will meet in the parish hall of the Church of the Nativity to arrange for the final drive for collecting the remaining quota for the proposed gymnasium fund of $8000. Of this sum $5250 has been secured. The club proposes a whirlwind campaign during the next two weeks to reach the goal. All contributions should be sent to L. L. Johnson, Bank of America Menlo Park. This is a worthy cause and ought to be supported. The building will be known as the Mother Foley Gymnasium in honor of the principal, who has devoted her energies and most of her life in building up St. Joseph's Parochial School. It would be a deserved recognition for her great work.

The White Estate on Oak Grove Ave. is infested with squirrels. The property is under the jurisdiction of San Mateo County, but the rodents cross the street and are in Menlo Park. They do considerable damage to gardens in the neighborhood. When the little pests see Officer Kearney approaching, they all scamper to their sanctuary on the other side of the street and there sit up and thumb their noses at the officer, knowing he has no jurisdiction. Kearney can do nothing but grin, hoping some day the estate will be annexed to the city. Then Mr. Squirrel will lose his sanctuary, home and all.

A few grasshoppers were noticed here during the week and for a while the citizens thought they were the advance guard of the hordes in the South which are destroying everything in their path. Old Farmer Brown was called in consultation, and after examining the insects laughed and declared that they were local "critters" whose ancestors came to the Peninsula in 1709 on an English ship. Being too cold for them in San Francisco, the hoppers tripped down the Peninsula where they have been ever since.

Frank W. Johnson, county road superintendent, who has been quite ill, is recovering. His many friends will be glad to learn this as he is one of Menlo Park's most popular citizens.

The open season for catching trout begins on Monday. For days all local Ike Waltons have been engaged in furnishing their bait and tackle for the foray. Bright and early Monday Will Casey, the veteran sportsman, and Jack Welsh, Santa Clara College senior, will seek the headwaters of the Suhr, Monterey County. Edward O'Keefe, Jack McSwat and Charles McLaughlin will attempt to lure the speckled beauties in the La Honda Creek. Owing to the scarcity of rains this season, the streams are shallow and big catches are not anticipated.

Fifty members of the 13th and 26th Districts, American Legion Auxiliary, Department of Calif., attended the School of Instruction at the Veterans' Administration Facility on Apr. 17. Dr. Chester H. Carlisle, clinical director of the Facility, who was in charge of the school, conducted the ladies through the Facility and gave several interesting lectures.

Following luncheon, which was served in the nurses' dining room, Miss Downs, who has charge of the habit training class and Chief Aide Bonnie Mallott told about their special kinds of work.

The ladies attending the school of instruction were the hospital chairman and presidents of the American Legion Auxiliary. Representatives were present from Palo Alto, Mountain View, Sunnyvale, Los Gatos, Santa Cruz, Santa Clara, Watsonville, Salinas, Burlingame, Belmont, San Carlos, San Mateo, Daly City, South San Francisco and Menlo Park. Dr. Carlisle presented Dr. P. G. Lasche, manager of the Facility, who gave a 15-minute talk. The school was held from 10 a. m. to 3:30 p. m. and was one of the best held by the auxiliary.

Isabelle Weeden Lindquist, 26th District American Legion Hospital chairman, presented the following program at the Veterans' Facility Apr. 21: Selections from Redwood City Native Sons' Hillbilly Orchestra, with Ralph Dodge at the piano; Charles Curran, drums. Fred Rasmussen, accordion, and Arlie Rishel, banjo; Phylis Noerager, ventriloquist; Nancy Parker of KSFO, a reading; Phil Noerager, "Man of the Horse"; Arlie Rischel, tenor solos; Gertrude Rischel Studios, The Tiny Twins; song and dance specialties by Ramona Smith; San Jose Community Players in "Clothes Make the Woman," by Fern West, the cast including Bee Darnell, Daisy Patton, Joseph Garofalo.

First Vice Comm. Welch of the 26th District was present and gave a message from the commander, who was attending the executive meeting at Sacramento.

Fire Chief Hara showed colored movies of the Founders' Day parade after the Legion Auxiliary card party Monday night.

Dist. Dep. Thelma Moffett of Palo Alto Rebekah Lodge will present her staff at the Rebekah assembly in the Civic Auditorium next Wednesday. Isabelle Weeden Lindquist will sing the theme song she wrote for the staff and the team will install the grand officers on that occasion.

NOTICE OF FILING PETITION FOR ORDER AUTHORIZING EXECUTOR TO BORROW MONEY AND EXECUTE NOTE AND DEED OF TRUST, AND OF TIME AND PLACE FIXED FOR HEARING PETITION

No. 8009—Dept. No. 1

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of KATIE KURUCZ GETTO, also known as KATIE KURUCZ, Deceased.

OTTO GETTO, executor of the last will and testament of Katie Kurucz Getto, alias, deceased, having filed in the above entitled court and matter his verified petition for order authorizing him to borrow money and execute a note and deed of trust in the sum of $5000.00 upon the real property hereinafter described, to which petition reference is hereby made and the same made a part hereof for further particulars, and said petition having been duly and regularly set for hearing, notice is hereby given that Monday, the 8th day of May, 1939, at the court room of said court, Dept. No. 1, in the Court House in Redwood City, California, at the hour of 10:00 o'clock A.M., have been fixed as the time and place for hearing said petition, and all persons interested in said estate or in said matter are hereby directed to appear at said time and place and show cause, if any they have, why the order prayed for should not be granted.

That said real property upon which deed of trust is proposed to be executed is all that certain real property situate in the City of San Mateo, County of San Mateo, State of California, described as follows:

BEGINNING at a point on the northeasterly line of El Camino Real, being the most westerly corner of that tract of land described in quitclaim deed from Sarah T. Fox, Mary D. Ross and George C. Ross to Katie Kurucz Getto, dated January 18, 1926, and recorded February 28, 1926, in Book 209 of Official Records at page 475; thence from said point of beginning along the northwesterly boundary of said tract, N. 47° 17' E. 175 feet; thence parallel with said line of El Camino Real, S. 41° 20' E. 138.66 feet to a line parallel with and distant 160 feet northwesterly measured at right angles from the southeasterly boundary of said tract so described in quitclaim deed to Getto; thence S. 47° 08½' W. 175 feet to said northeasterly line of El Camino Real; thence along said line of El Camino Real N. 41° 20' W. 139.09 feet to the point of beginning.

Chamber's Coast Council To Meet

Members of the Central Coast Council of the California State Chamber of Commerce will meet in monthly session Friday at the Clift Hotel, San Francisco, according to notice sent today by Council Chairman A. J. Lundberg.

Committee sessions on taxation, highways, agriculture, travel, conservation and industry will convene at 9:30 a. m., adjourning for the joint meeting of all committees during the noon hour. Reports and action recommendations will be made at the general session.

Members of the Central Coast Council, one of the state chamber's regional organizations, come from the counties of San Mateo, Alameda, Contra Costa, San Francisco, Santa Clara, Santa Cruz, San Benito, Monterey and San Luis Obispo. Council Chairman Lundberg, also member of the State Chamber's statewide directorate, will preside during the general luncheon meeting.

PLAQUE EXPENSE APPROVED

The board of supervisors met in adjourned session today to approve expenditure of $185.90 for a bronze plaque for the courthouse annex. The plaque will carry a commemorative inscription, required by the Public Works Administration, and will carry the name of the President and Interior Secretary Harold Ickes.

Citizens' Day Group Named

The first annual Citizens' Day program, planned to welcome into American citizenship those who have been naturalized during the past year, will be held on Thursday, June 8, instead of May 9, as first planned, it was announced today following a committee organization meeting. The new date will coincide with the national observance planned in Washington.

A program committee of eight members, to meet May 3 at 8 p.m. in the county treasurer's office in the courthouse, was named to consist of Mrs. Mary E. Peters and R. N. Falkner, San Mateo Junior College; Mrs. Ida May Thompson and Mrs. Eleanor Faure, Women's Relief Corps, Redwood City; Arthur L. Miller, Half Moon Bay High School; Charles O'Malley, South San Francisco High School; P. A. Bygdnes, Redwood City, and A. H. Sagehorn, county treasurer.

Named as a publicity committee were Harry Butler, San Mateo; George McQueen, Burlingame; Logan Franklin, South San Francisco; George Dunn, Half Moon Bay, and Mrs. Blossom Kohnen and Sam H. Winklebleck, Redwood City.

The program to be given on June 8 will be held either in San Mateo Junior College or Burlingame High School Auditorium.

Only 200 Boat Ride Tickets Left on Sale

Rapid sale of tickets this morning had diminished the supply for the junior chamber of commerce-sponsored ferry excursion to Treasure Island Sunday to less than 200, Ticket Sales Chairman Ed L. Greeley reported. All those who plan to go and who have not yet secured their tickets are urged to do so immediately at the chamber of commerce office, 812 Middlefield Rd. They will remain on sale, at $1 each, through Saturday.

(For more details of the boat ride, see page 9.)

The moon's diameter is one-quarter that of the earth.

400 Tickets Left For Fair-y Ride; Festivities Set

Virtually all remaining tickets for the Redwood City Junior Chamber of Commerce Ferry Excursion to Treasure Island next Sunday have been placed on sale at the chamber of commerce office, on Middlefield Rd. just off Broadway, Pres. F. E. O'Connell announced today.

More than 1000 of the tickets have been sold, slightly less than 400 now being available at the chamber office. A few members still have tickets outstanding, but they are being turned in to Ticket Sales Chairman E. L. Greeley.

O'Connell also announced plans for an elaborate sailing ceremony for the ferry, Yerba Buena, when it embarks from Port Redwood City Sunday at 9:30 a.m. Serpentine and horns will be provided for all passengers, the Redwood City Municipal Band will play Aloha, and the entire emmbarcation will be similar to a steamship sailing, O'Connell said.

Everyone in the city, whether making the trip or not, is urged by O'Connell to come out to the port to see the boat off.

CEMENT PLANT WORKER DIES OF INJURIES

Injuries suffered a month ago at the Pacific Portland Cement Co. plant proved fatal to Frank Ramos, 47, 330 Spruce St., Redwood City last night. Mr. Ramos leaves a widow, Amelia; two minor children, Elaine and Clifford, and a brother in South San Francisco, Tony Ramos.

According to plant officials, Ramos was struck in the pit of the stomach by a bar in the kiln room, suffering internal injuries. He died at Palo Alto Hospital shortly before midnight. Coroner C. C. Spalding of Santa Clara County is investigating.

Funeral services will be conducted Saturday at 2 p.m. from the Layng & Tinney Funeral Home, the Rev. R. T. Edgeworth of the First Baptist Church officiating.

Mr. Ramos had lived in Redwood City since 1928 and had been employed by the cement company 14 years.

Nine Set For Northern State

Establishment of new chains of inexpensive "hostels," designed to encourage Exposition visitors to tour Northern California on foot or bicycle, was announced today by Miss Betty Blodgett, regional field worker for American Youth Hostels, Inc.

"Our organization, operating nearly 200 hostels in the United States, on a non-profit basis, will open at lease nine in Northern California, about the time the big fair crowds start to arrive," Miss Blodgett said. "These will serve as a nucleus from which extensive chains can be developed as rapidly as the right sort of accommodations can be found. Those now definitely arranged for will be located in San Francisco, San Lorenzo, Montara, Purissima Creek, Los Altos, Colfax, Montezuma, Los Gatos and Woodside.

Each hostel will have separate bunk rooms for men and women and will be supervised by house parents. Each will be equipped with mattresses and blankets, a recreation room and a kitchen where hostelers may do their own cooking. The cost of hostelling, including cost of food, is about $1 a day.

"The Golden Gate International Exposition is really a fair within a fair," Miss Blodgett said. "Northern California is itself an 'exposition' of great beauty and interest. We hope to encourage many people to see this other 'exposition'."

Miss Blodgett said she has had requests for hostel reservations from more than 150 easterners who plan to visit the exposition this Summer.

Regional headquarters of the organization are at 3839 Washington St., San Francisco.

City Officials Return After Short Illnesses

City Councilman Evans A. Fletcher, who was taken to Mills Memorial Hospital last Wednesday with influenza, has returned home. He is expected to remain at home for some time.

City Manager Charles L. Dimmitt, who was stricken last Friday with a mild attack of the disease, was back at his post today.

The most prominent mountains visible on the moon are a range 450 miles long known as the Appenines.

Graduation Group Named

Three student speakers and a chairman have been selected for the annual commencement exercises in June. Winners among the 12 contestants include Speakers Ruth Myers, Howard Melton, and Pherron Muchmore, and Chairman Esther Colton.

The quartet was selected by a group of faculty judges, J. E. Spence, Mrs. Eyla Woolridge, Miss Ann Burns and Mrs. Petra Cooper.

The speakers, chosen on the basis of organization, delivery, thought and general constructiveness, will plan the speaking program at the commencement exercises.

An all-time high of 1830 students was on the record books at Sequoia High School this week, following the enrollment of 14 new students during the past two weeks, according to Attendance Secty. Ellen Adams. This figure compares with 1696 for last year and 1645 in 1936-37. Average daily attendance for the school year through Feb. 24 was 1475.

Likewise, the largest class in history is scheduled to receive diplomas at the commencement exercises in June. There are 322 slated for graduation as compared with 276 last June.

Annual Campus Day for Sequoia students was set for June 2 by the Boys and Girls Board of Commissioners at a meeting Tuesday afternoon. Commissioner Chairman Ted Andrews announced the program for the day would consist of assemblies and class work in the morning, with vaudeville acts by various class groups, the annual Senior class-1939 Varsity football game and swimming contests in the afternoon. A dance will close the affair.

The U. S. Bureau of Census reports show that the average number of persons to a family in the United States is 4.5.

S. F. State College Chapter Is Formed

Charter of the newly-formed San Francisco State College chapter in San Mateo County, as well as charters of four other county units, will be presented Saturday evening at the Women's City Club in San Francisco as the college's alumni association fetes its 38th "birthday." Speaker will be Sen. John Shelley.

Corn is attacked by more insect pests than any other crop grown in North Carolina.

New Addresses Listed At Local City Hall

Recently-filed new addresses listed at the Redwood City City Hall, some of them removals, include George Youngman Jr., Oakdale Way; William Laing, 523 Stambaugh; Kenneth Mounts, 1162 Cleveland; J. W. Martin, 640 Cleveland.

Official World's Fair Band To Welcome Ferry on Sunday

Elaborate Program Planned

Pres. F. E. O'Connell of the Junior Chamber of Commerce has been notified that the official Golden Gate International Exposition Band will be blaring forth in top style when the Yerba Buena docks at Treasure Island with a load of 1500 excursionists from Redwood City Sunday morning.

The band will escort through the gates all those who wish to visit the island, and they are particularly invited to visit the Mission Trails Building and make it their headquarters during their stay.

Among those making the trip will be Mayor Louis C. Christensen, City Manager Charles L. Dimmitt, many from the sheriff's office, police and fire officials and other dignitaries.

QUEEN TO REIGN

Miss Mildred Nelson, Redwood City's Fiesta Queen, who won a place in the court of honor at the opening of the Exposition in February, will reign over the boat as queen, O'Connell announced.

A huge entertainment program, including tap dancers, singers, comedians and other entertainers, will be conducted for passengers from the time the boat embarks amid colorful "Bon Voyage" activity at 9:30 Sunday to the arrival back home near 6 p. m.

According to present plans, the boat will dock at Treasure Island about 11 a. m. to permit those who wish to visit the Fair to go ashore. Those who stay aboard will be taken on an interesting cruise of the North Bay area, to get a round-the-island panorama of the fair and to visit various points along the Marin shore. The boat will return to the island to pick up the fair-minded passengers about 3 p. m., with the definite time to be announced before the boat docks in the morning. Luncheon will be available on the boat.

ANY KIND OF GARB

In answer to various questions about what type of clothes are to be worn, O'Connell said that ordinary street attire will be proper and many are planning to wear the cowboy costumes they donned during the February Fiesta here. Sailor hats and garb also will be suitable to the occasion, he said.

Parking space for 1000 cars will be available at Port Redwood City, and bus service will run from Broadway and El Camino Real starting at 8:45 a .m. every 15 minutes until the boat leaves. Fare will be 10 cents. Special taxi rates also will be available, with door-to-dock service to be provided, from the Yellow Cab Co.

Tickets at $1 each are still available at the chamber of commerce office at 812 Middlefield Rd. Heavy sales took place yesterday, and a heavier rush was anticipated today. Tickets will remain on sale at the office through Saturday, O'Connell announced.

SOLDIERS BRUSH UP

HALIFAX, N. S. (AP)—About 90 officers of non-permanent militia units in Military District No. 6 (Nova Scotia and Prince Edward Island) attended a refresher course in modern warfare held here.

Hightower's Parole Denied

The parole application of William A. Hightower, now 60, convicted of the slaying 18 years ago of Father Patrick Heslin, Colma priest, was denied by the State Board of Prison Terms and Paroles yesterday. Dist. Atty. Gilbert D. Ferrell had recommended against parole.

The denial recalls one of San Mateo County's most sensational murder cases. According to the testimony, Hightower, former San Francisco baker, called at the Colma parish house, and told Father Heslin he wanted last sacraments of the church administered to a dying man.

The priest accompanied Hightower to a lonely spot in the sand dunes near Half Moon Bay, where Hightower murdered him and buried him in a shallow grave on the edge of a cliff.

Promise Suit Faced by Man

Milton Haas of Los Altos, wealthy vice president of the prosperous Consolidated Chemicals Co. at Bayshore City, today faced a $150,000 suit for seduction and breach of promise filed in San Francisco yesterday by 21-year-old Helen Metzger, an office clerk.

The suit charged that the 49-year-old industrialist seduced Miss Metzger on a two-month trip to France and Italy last year under promise of marriage.

According to Paul F. Fratessa, the girl's attorney, the romance began in the downtown office where Miss Metzger worked. They became engaged and in May he took her on the European trip, Fratessa said.

'HONEYMOON COTTAGE'

According to the attorney, the girl said Haas had told her there would be five in the party, including a son of Haas by a former marriage. Not until they got on the boat in New York did she know that only the two of them were making the trip, Fratessa said.

The seduction occurred June 29, 1938, and several times thereafter according to the petition. In addition, according to Fratessa, Haas spent $30,000 building a "honeymoon cottage" at Soda Springs for Miss Metzger, giving it the name "Glacier Gap."

GIRL COLLAPSES

Three weeks ago, the attorney said, Miss Metzger's mother died. When she returned, she found a letter, written by Haas in Arizona, informing her that he had married another.

The girl collapsed and has been confined to a sanatorium in San Mateo County, according to the attorney, and no one may see her. At Haas' home inquirers were informed that he was not in.

JOBS FOR MEN OVER 40 GOAL OF EMPLOYMENT WEEK

Plans were being completed today for the observance of "Employment Week, which starts Sunday, according to John Vogt Jr., district commander of the American Legion, who heads the committee on arrangements for San Mateo County.

The Legion is working in cooperation with the Veterans Placement Division of the California State Employment Service in San Mateo, and the resources of these two organizations are being combined into a special job drive lasting throughout the week.

The committee on arrangements, headed by Vogt, includes the commanders of the 14 Legion posts in San Mateo County, each commander being responsible for the success of the week's activities in his own community. The members of the committee are Eugene Girdler, Sharps Park; George Stubbles, Daly City; Francis Parker, Bayshore City; Anthony Canzania, South San Francisco; Peter Mose, San Bruno; Carl Bjork, Millbrae; Dr. Clement Shields, Half Moon Bay; Clarmond Perry, San Mateo; Warren Hamilton, Belmont; A. B. Blakely, Redwood City; Frank Elsi, Menlo Park; Grover McCoy, Belle Haven; William Cathey, Burlingame, and Mrs. Helen Faber, Peninsula Women's Post, Burlingame.

This year special emphasis will be placed on finding jobs for men and women who have passed the age of 40, whether veterans or not, Vogt says; and every effort will be made to call the attention of potential employers to this group of citizens.

Sunday, Apr. 30, has been proclaimed Unemployment Day by Governor Olson, and the ministers of churches have been asked to arrange for suitable services. Talks and other community activities will be scheduled throughout the week.

San Mateo County's program for Employment Week is a part of a nationwide movement initiated by President Roosevelt designating the week of Apr. 30 as a time when special attention should be given to this problem. The national program is being directed by Steven D. Chadwick, national commander of the American Legion, and will be observed in all parts of the country.

Garbage Dumping Draws Council Fire

BELMONT, Apr. 25 — Renewed dumping of garbage in Laurel Creek Canyon, which was curtailed by police several months ago, brought a decision by the city council last night to clamp down severely on violators of the ordinance prohibiting depositing of refuse in residential areas.

Mayor Harold Danforth said the dumping, revealed by a complaint brought by M. V. Williams, a resident of the section involved, was "a sin and a shame," and that "we're going to get tough and clamp down."

Councilman L. A. Barrett's suggestion that the city advertise for a second-hand grader for work on the community's roads, over which Barrett has jurisdiction, received favorable action.

An ordinance regulating number and location of sanitariums in Belmont was introduced.

Model Home Preview To Be Offered R. C.

Redwood City residents will be given a preview of their model home upon its completion about the middle of May, the exposition model home committee, chairmaned by Mayor Louis C. Christensen, decided last night when it met in the structure. The home is located at Durlston Rd. and Blandford Blvd. Exact date of the formal opening is yet to be determined.

One-fourth of all the families in the United States produced 63 per cent of all the children, the Bureau of Agricultural Economics reported early in 1939.

Fireman Hurt, $1500 Damage Done by Fire

BURLINGAME, Apr. 25 — Asst. Fire Chief Harvey Janssen incurred painful cuts on his hand when he tried to rip shingles off the roof of the home of Mr. and Mrs. Robert Kroeze, 1209 Oak Grove Ave., to get at a fire which did an estimated $1500 damage before being subdued shortly after 1 p.m. today.

Fire Chief W. J. Dessin blamed the fire on two painters using a blow torch to melt paint which they were removing from the home. He said the torch set the house afire near the eaves and although the painters thought they extinguished the blaze, wind had whipped it under the roof out of sight until it broke out suddenly. Dessin said F. D. Dunn, the painting contractor, assumed responsibility for the fire. The house is only a few doors from the home of Will Tevis, widely-known Peninsula sportsman.

Essay Prize Won By Sequoia Senior

Second prize in a statewide essay contest conducted by the Deputations and Public Relations Bureau of University of California has been won by a Sequoia High School senior, Principal A. C. Argo was notified today.

Winner of the second place among hundreds of entries is Mochiu Ishida, who will be given a fountain pen for his achievement. The general topic of the essays was the value of a college education.

The Department of Agriculture estimates wildlife in the United States is worth $350,000,000 a year in controlling insects.

ACTIVITIES OF THE BOY SCOUTS

More than sixty patrols, six to eight boys in each, are expected to register for participation in the 1939 council camporee, "Treasure Camp," before the week is out The deadline for filing applications is noon Saturday.

The camporee committee, headed by J. (Captain Blood) Christie, has held several meetings and plans more conferences this week to get organization plans and general arrangements in working order for the Treasure Camp on May 6 and 7.

The site for the camporee, in which more than five hundred Scouts and Scouters will participate, will be the Happyland Ranch, a few miles back of Redwood City.

CAMPFIRE PLANNED

In line with the committee's efforts to make the 1939 camporee a memorable one a special entertainment and campfire committee has been appointed by J. V. Christie, camporee director.

A call has already been issued for the big campfire.

Assisting on the committee are Joe Wilson, Doug Wilkins, and Howard Hoover.

EXECUTIVE BOARD TO MEET

The regular monthly meeting of the San Mateo County Boy Scout executive board will be held Friday evening at 7:45 in the new auditorium meeting room of the St. Mathew's School in San Mateo. Among the matters to be discussed will be a report on the summer camp prospects by John F. Linden, chairman of the camp committee.

VISITORS INVITED TO CAMPOREE

The members of the Treasure Camp committee extend to the parents and friends of participating Scouts an invitation to visit the two-day camporee.

by F. A. Bitter, campfire chairman, to all troops in the county for talent and a program of stunts, songs, stories, and specialty acts will be going into production
